

# Computing @ Summer Term Newsletter Clockhouse

## Our Learning Journey

The children are given opportunities to develop their understanding and skills required for life in the digital world through the use of up to date software on the laptops, chrome books and iPads. Online safety is taught effectively throughout the school and is now taught as part of circle time in Early Years.

## Enrichment in Computing

The children in Year 2 using technology to

The children in Year 6 learning how AI is used in different jobs as part of

The children in Year 4 enjoying their VR

## What do the children say about Computing at

I like Coding. I use objects from the screen to give the computer instructions - Year 1

I have learnt all about the keys on a keyboard and how to use shortcuts when typing - Year 2

We learnt about different camera shots and then used this to create our own video trailers—Year 3

We love using the chrome books. We got to design and create our own games iduring our Cod-ing lessons—Year 4

I enjoy the fact that we learn about Coding. Everyone's life resolves around technology and it is a big part of our lives—Year 5

We can explore Coding and problem solve. We also get to be really creative and can use our Chrome books to help in other lessons—Year 6
