The Spring  
Term

What's been  
happening  
this term?

This term has been a very exciting term yet again at Clockhouse!

Year 1 have been learning all about the Great Fire of London, Year 2 have learnt about nursing during the Crimean war, Year 5 have been learning much about The Maya and Year 6 have been learning all about World War 2 and its local impact.

It was also our very first Humanities week and the children had the opportunity to learn all about the local history of Havering through trips and engaging activities!

# Our golden threads help us to link our learning!

Who changed the world?

Why does the world look the way it does?

In Year 1 the children have been learning about the Great Fire of London.

They've been thinking about how this changed what London looked like, sequencing events chronologically and writing their own questions! The learning they have been doing in English has also really helped support their knowledge of the History of St Paul's Cathedral!

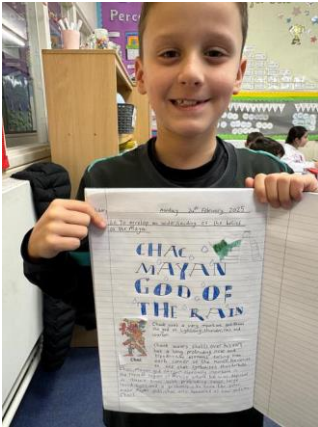

I like history because the past is really interesting and not like now!

I like it best when we get to talk about what we think because it is interesting that we don't all think the same.

In Year 2 the children have learnt all about nursing during the Crimean war, they learnt about the life of Florence Nightingale and even had a special visit. They then moved on to learn about Mary Seacole, before debating who most deserved a statue!

In Year 5 they have been all about The Maya!

They have considered how a civilization could thrive in the jungle, compared them to other civilizations they have studied, considered some of their achievements and looked at their architecture using VR!

Plus of course a chocolate workshop!

Year 6 have been studying World War 2.

They have learnt about the causes of the war, considered appeasement and developed an understanding of what life would have been like on the home front.

They have also visited Gunpowder Mills and the Imperial War Museum.
