You Told Us...

Thank you so much for you invaluable feedback.
We do hope you found this useful and please do speak to us if you wish to discuss this further.

Autumn Term 2026 Questionniaire

Thank you to everyone who completed our end-of-year questionnaire. We received 138 responses, and we are incredibly grateful for your honest feedback. We read every single comment and use your views to help shape the future of our school.

You told us...
that you would like to see more extra curricular clubs for the children especially after the school.

Our response...
We recognise the importance of extra curricular clubs are and how important these experiences are for the children. However, it is a balance. It is important to remember that we do not charge for any clubs, as our staff give up their time to run these for the children for free we cannot stipulate when these are held. We are very fortunate that our staff already run these clubs for our children.

> "Everything about this school is excellent, communication, curriculum plans, expectations, behaviour management, outstanding teachers, extracurricular clubs."

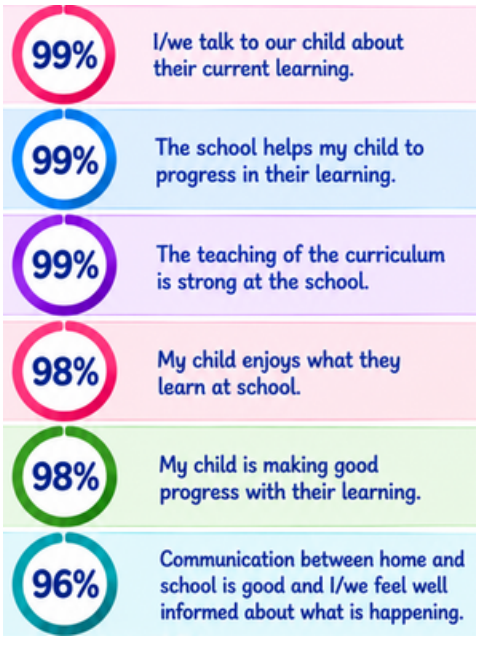

You explained to us...
that you feel you do not receive enough information about what learning is happening at school and how your child is getting on.

Our response...
There is a lot of information on our school website which you can access. We also send out a termly overview of what you can do to help your child at home (this is sent on Dojo, but it is also on the school website). We changed this recently in response to feedback in order to help you help your child at home. We have two official Parents' Evenings a year as well as Open Day. Should you would like further information about how your child is getting on, please do speak to your child's teacher.

> My child feels safe and comfortable enough to be herself and talk to adults.

A small number of you asked us...
review the approach we take to the teaching and testing of spelling including helping you help at home.

Our response...
We have taken this on board as a number of you have also told us about this prior to the feedback in the questionnaire. We have spent time thinking about how best to move forward for the good of the children and are excited about the plans we have made. We will be communicating these with you very soon and hope you agree that this is a positive move forward. As always, we thank you for all the help you do give the children and us with learning such things as spellings
