

You told us...!

Thank you to all those who completed our most recent questionnaire. We received 204 responses out of a parent population of over 1000. Read on to find out about what you told us!

You told us...

That you would like to see more paper-based home learning in order to help prepare the children for their future.

Our response...

We continue to believe that the best thing you can do to support your child with their learning is hear them read every day practise their spelling and number bonds / times tables. This does change when the children get to Year 6 when formal home learning is given.

99% of you agree that your child enjoys their learning

You asked us...

If we could look into changing the PE kit to a darker colour so that stains do not show as much.

'It is a very nurturing environment, fantastic at building relationships with children to help them thrive and with parents they are extremely supportive even as a listening ear. We feel extremely lucky to be a part of the school.'

Our response...

We are happy to look into this but there are no guarantees that this will happen. If we do decide to make the change, there will be no expectations that families have to buy new kit immediately, we would just ask that you make the change when buying new kit in the future. Should we make the change we will, of course, communicate this with you.

100% of you agree that the school helps your child progress with learning

'I trust Clockhouse as it offers a safe and excellent educational environment for my child.'

A small number of you said...

You feel there are too many Dojo messages being sent out and you would like them spaced out more.

Our response...

We understand from a parents / carers perspective the Dojo can be quite overwhelming and we have reflected on this and do try to space them out. However this can prove difficult as there are lots of different people posting. As a school communication is viewed positively by our families and we would much rather overcommunicate than under communicate.

Some of you said...

You would like us to relook at the school menu and provide more halal food across the week.

'Clockhouse is exceptional because leadership and staff are always aiming for betterment and look for opportunities to make Clockhouse a better place for the community and for our children with inclusion and diversity always in mind.'

Our response...

As a school we continue to do our very best to balance the dietary requirements of all our children whilst also respecting the many religious faiths our children follow. As we move towards a new menu, we will be looking further into this.

100% of you agree that the teaching of the curriculum is good

Thank you for your feedback.
We hope you found this useful!
